A Message from the Executive Director!

Dear Supporters,

It has been four months since the last newsletter and a very busy summer. In July, I was in Dallas for two days participating in the Susan G. Komen for the Cure Advocates in Science Training. I was truly touched by the stories I heard and the information I learned about current and future research projects.

I have been busy trying to secure funding for the organization through sponsorships, as an event beneficiary and fundraising. A local venue has agreed to host a fundraiser to benefit the foundation, when a date is settled all will be invited. We are also looking at various grant opportunities available through a variety of organizations to include the Denver Affiliate of Susan G. Komen for the Cure.

Recently I was notified that I had been selected as an Avon Army of Women Foot Soldier. The Foot Soldier program will help to raise awareness and visibility for breast cancer. Each state will have its own 'Troop Organizer' that will be supported by the selected 'Foot Soldiers'. The Colorado 'Troop Organizer' has not yet been selected, but I will share that information with everyone when it is announced. I am pleased that the Jill Lamb Foundation is not only an Affiliate of the Avon Army of women, but that we are working even further together through the Foot Soldier program.

October 4, 2009 was the Denver Race for the Cure. To everyone who participated, thank you! 75% of the money raised goes toward grants awarded to local organizations (such as us).

I am pleased to announce that we have over 550 followers on Twitter and over 250 members of the Jill Lamb Foundation Group on Facebook. We are using every outlet available to spread the work about breast cancer awareness.

The website is now equipped to take orders and online donations. If you would like to order a t-shirt or a car magnet (\$12 and \$4, including shipping) you may do so via the website or via email. If you would like to simply make a donation in any amount just click the 'Donate Now' button on the homepage.

We are looking for people to help. We need help with fundraising, grant writing, community outreach and more. If you are interested please send an email or use the 'Get Involved' link on the website.

Remember, early detection is the key.

Take care.

Stephanie
